

Electrician Apprenticeship Program

- Learn while you earn!
- Obtain a journeyman's card in just 4 years
- Earn a percentage of journeyman electrician pay while you're an apprentice
- Get the fundamentals of electrical theory, electrical calculations, national electrical code standards and more
- Health/dental/vision insurance, paid time off and bonuses!

Electrical apprentices work directly under the supervision of a journeyman electrician. At the end of the apprenticeship, participants will be ready to take the Journeyman Electrician Exam. This program is ideal for someone who has excelled in math and is mechanically-inclined.

Quality Electric of the Coastal Carolinas currently has five apprentices and in the past three years, has notched three first place victories in the South Carolina Electrical Contractors Association competition.

Qualifications

- At least 18 years old
- Physically able to perform the work of the trade
- Must be a high school graduate or the equivalent
- Must have a valid driver's license and clean driving record
